

Hi everybody!
Team up with a friend to I-Spy all the
different things made of wood in your classroom.
Can you fill the tree in by writing each one in a
space below?

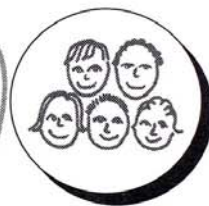

WELL DONE!

Wood is all around us!
Have fun working with a friend and looking around the school to find things made of wood. Make a sketch of what you find and fill in the details about it on the grid. The first one is done for you.

OTHER OBSERVATIONS				
WEAR & TEAR				
PRESERVATION				
FUNCTION	Lets light in Frame allows window to be opened			
LOCATION	Secretary's Office
